## **E-GOVERNANCE POLICY**

### **OBJECTIVES**

- integrating e-governance into all aspects of the organization's operations to create a more straightforward and effective governance framework.
- to encourage accountability and openness in all college operations.
- to accomplish and establish a paperless environment at the university.
- to facilitate rapid and simple information access.
- to activate the campus Wi-Fi.
- To equip our classrooms with computers, laptops, projectors, and other ICT tools

### **POLICIES**

- The college will use e-governance for all of its operations, including teaching, the library, accounting, admissions, and administration.
- The goal of the policy's design and framing is to hold all functions accountable and transparent.

**The following policies and procedures are decided upon by the college:**

# COLLEGE WEBSITE

The website will serve as a hub for information about the college, all of its events, key announcements, available courses, and more. The college will appoint a different service provider or web designer for this purpose. For the purpose of managing the college website, a website committee will be established. The Committee is responsible for overseeing the regular updating, upkeep, and operation of the website. The Committee will also search the website for any additional modifications that are necessary. Through its website, the College aims to highlight its active and vibrant personality. The website must immediately post all significant notifications as soon as they are made available.

# STUDENT ADMISSION

The admissions process is conducted in an open and transparent manner, which is reinforced by the Savitri bai Phule Pune University's ethical standards and guidelines. The college releases its brochure, which is available online and contains admissions procedure guidelines. an admissions portal that will be utilized to oversee college admissions. The amount of students applying to each course, withdrawals, and fee payments will all be handled exclusively through this portal. In order for the college to process admissions for programs, hostels, etc. using the portal, students must submit a separate online application form. The Admission Coordinator will use an online program for this purpose.

# ACCOUNTS AND TALLY

The office is still using Tally to manage its accounts. The college will purchase and utilize the most recent versions of the software. The personnel can efficiently and effectively maintain financial records with the aid of advanced features. This software is the only one used to generate the balance sheet and the profit and loss. Tally will be used to generate all analysis reports. It is important to take the proper security precautions to keep the transactions private. Regular training of the current workforce and software upgrades are imperative.
